

Rugby Dog Training Club – Summer Agility Weekend
Catton Hall. DE12 8LN
14th/15th July 2018

Welcome!

This year we are located to the west of the road (same side as the river) so please take care when approaching the site. Most people with caravans will arrive from the south to avoid the narrow bridge and will turn left onto the field.

All camping is allocated. If you have booked camping please refer to the camping plan for locations. All camping units will use the same entrance. Weekend campers are welcome to arrive anytime after 1pm on Friday 13th July. Please don't arrive prior to this time unless by prior agreement.

Day parking will be clearly signed. Please park where directed by the stewards and avoid driving close to the rings or caravan gardens wherever possible.

Notes

There will be tannoy announcements during the show but FM radio will not be available this year.

Please don't use barbeques on the camping areas. Generators are allowed but please be respectful and don't use them before 7:30 am or after 9pm

There is a limit of 2 dogs off lead per handler in the exercise area. Please be diligent and pick up after your dog. There is a large skip and elsan point located just inside the main gate. A riverside walk is available and will be signposted. Please take extra care with your dogs near water and where appropriate please try and follow the one way signs to avoid groups of dogs unexpectedly meeting head on. There is also a route avoiding close proximity to the river but the water is never far away. All other, non signed, areas of the grounds are out of bounds.

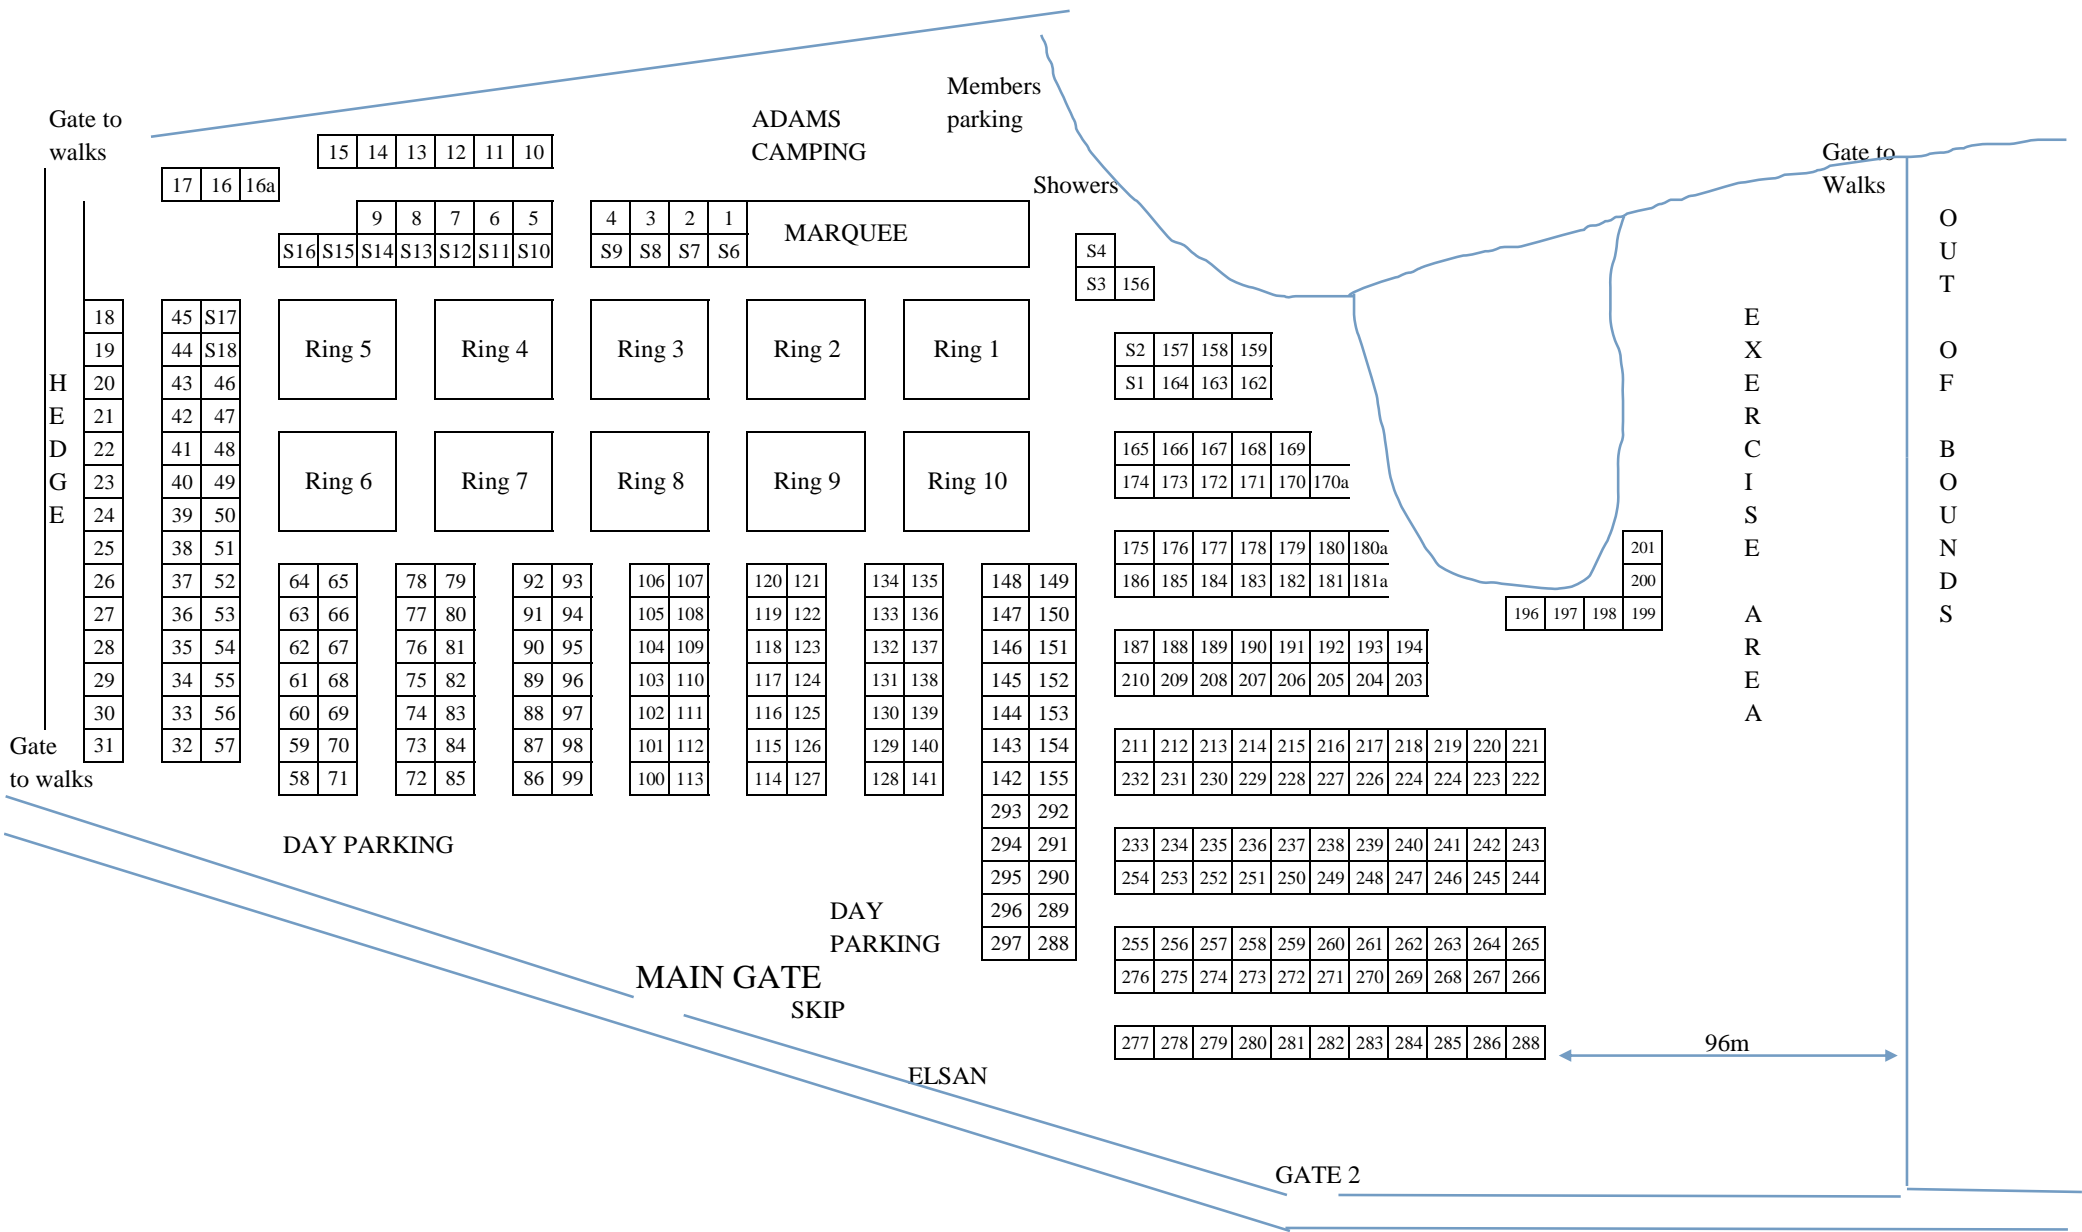

Security is important to us all and to the safety of competing dogs so please close the gate after entering or leaving the site. In the event that a dog is lost whilst at the show only the show ground may be searched in the first instance. If the dog is not found within the precincts of the show the show secretary must be informed. If the secretary's tent is unmanned please call 07850 290294. The show secretary will contact the landowner for permission for an organised search to be made beyond the showground. Under no circumstances is a search to be made of grounds or property without the owner's prior permission.

Above all have fun with your dog whilst competing and be courteous to show officials and other competitors.

Thank you for your attention

		32 Adams Large Jumping Cup C1-4 (Q)	149						
Total in Ring	335	Total in Ring	412	Total in Ring	423				

Notes:

- **IMPORTANT!** Small and medium Championship classes are spread between two rings (one jumping, one agility) This is a change to some published ring plans. Additionally some class allocations are different to those proposed in the schedule to allow for maximum judging numbers and efficient running of the rings.
- There is an official helpers list but we welcome help from competitors at all times. If you can spare an hour please speak to the local ring manager or the Show Secretary

Rugby DTC Championship Agility Weekend.
